

Parent Volunteer Form

There may be times when we need the services of extra adult supervision during certain field trips.

Siblings 0-15yrs or young children, are not allowed to join parents/guardians during chaperone duties. Volunteer positions must be vetted through the city first and are not guaranteed. The camp staff will post which if any events/field trips are available this summer. There may be a limited number of volunteer spots available.

If you or your spouse/partner/relative would like to volunteer to be a chaperone, please let us know by filling out the following information:
